Flagler kids deserve pool

Re “A pool for Flagler: Joint effort key in building aquatic center,” editorial, Oct. 30:
Why not an Olympic-size swimming pool for Flagler Palm Coast High School, Matanzas High School and [Dynoswim](#), a local club? Why should our kids be treated like second-class citizens and be bused to Daytona Beach for swimming, diving and competitive swimming? They say it will cost between \$2 million and \$3 million to build an Olympic-size pool. We owe it to our children to give them something to be proud of. We paid millions for a clay tennis court complex. Let's get on the ball, Palm Coast, Flagler County and the School Board, and pass this appropriation for our kids.

ARTHUR J. MURPHY, Palm Coast
